Which Activities Landed?

Which single FIRST produced the most genuine, energized discussion this cohort? Why do you think that was?

Which single FIRST fell flattest or felt rushed? What would you change about it?

Did the group-adapted exercises (Group Versions of Key Exercises document) feel forced or awkward rather than genuinely additive? Which ones?

Emotional Tone & Sensitive Moments

Did this cohort surface any genuinely difficult emotional moments (during the Resilience Drill, Gratitude Habit, or elsewhere)? How was it handled?

Did any participant seem to be navigating real hardship that made this stage's content land differently than intended? What did you do, and would you do anything differently?

Content & Materials

Did you encounter any content errors or inconsistencies in the Manual, Templates, or facilitator materials?

Was the pre-work handout genuinely followed by most participants, particularly having an accountability partner in mind for Session 2?

Were the FAQ's anticipated questions the ones participants actually asked? What question came up that isn't currently in the FAQ?

Format (In-Person / Online / Hybrid)

Which format did you run this cohort in?

Did the Adaptation Notes cover what you actually needed, especially for the guided visualization and accountability-matching activities?

Open Feedback

What's one specific change you'd make to Stage Four's structure, content, or materials before the next cohort?

Anything else worth flagging?
