Stage Four • Mindset, Productivity & Habits

FOR FACILITATORS

Send the relevant section below 2-3 days before each session — short enough to actually get read, specific enough that people arrive ready.

Before Session 1: Mindset Foundations

WHAT TO DO BEFORE THIS SESSION

- No research required. Just arrive willing to try a few things out loud, including something that might feel a little silly at first.

WHY THIS MATTERS

This session is built around trying real routines live, not just reading about them. The only genuine preparation is arriving open to that.

Before Session 2: Sustaining Systems

WHAT TO DO BEFORE THIS SESSION

- Think of one person, inside or outside this group, you could genuinely ask to be a weekly accountability partner. You'll act on this early in the session.

WHY THIS MATTERS

FIRST E12 works best when you're not starting from zero on who to ask. Having a name in mind means the session produces a real, locked-in commitment instead of a vague intention.

Before Session 3: Extra Edge / Standout Factor

WHAT TO DO BEFORE THIS SESSION

- Spend five minutes thinking about one genuine interest, cause, or opinion you have that hasn't yet come up in a professional context.

WHY THIS MATTERS

This session's FIRSTS all draw on something genuinely yours — a real interest, a real cause, a real opinion. Arriving with something already in mind means the session builds on something authentic rather than something invented on the spot.
