Which Activities Landed?

Which single FIRST produced the most genuine, energized discussion this cohort? Why do you think that was?

Which single FIRST fell flattest or felt rushed? What would you change about it?

Did participants genuinely carry one real project across all three sessions, or did engagement suffer when people switched examples partway through?

Did any of the group-adapted exercises (Group Versions of Key Exercises document) feel forced rather than genuinely additive?

Content & Materials

Did you encounter any content errors or inconsistencies in the Manual, Templates, or facilitator materials?

Was the pre-work handout genuinely followed by most participants, especially identifying a real project before Session 1?

Were the FAQ's anticipated questions the ones participants actually asked? What question came up that isn't currently in the FAQ?

Format (In-Person / Online / Hybrid)

Which format did you run this cohort in?

Did the Adaptation Notes cover what you actually needed, especially for the small-group exercises in Sessions 1 and 2?

Open Feedback

What's one specific change you'd make to Stage Fourteen's structure, content, or materials before the next cohort?

Anything else worth flagging?
