Which Activities Landed?

Which single FIRST produced the most genuine, energized discussion this cohort? Why do you think that was?

Which single FIRST fell flattest or felt rushed? What would you change about it?

Did any of the group-adapted exercises (Group Versions of Key Exercises document) feel forced or awkward rather than genuinely additive? Which ones?

Did any icebreaker fail to actually connect to its session's content in practice, regardless of how it reads on paper?

Content & Materials

Did you encounter any content errors or inconsistencies in the Manual, Templates, or facilitator materials? (Note: FIRST 18's manual text is a known issue — flag anything beyond that.)

Was the pre-work handout genuinely followed by most participants, or largely ignored? If ignored, why do you think that was?

Were the FAQ's anticipated questions the ones participants actually asked? What question came up that isn't currently in the FAQ?

Format (In-Person / Online / Hybrid)

Which format did you run this cohort in?

Did the Online vs. In-Person Adaptation Notes cover what you actually needed, or did you have to improvise a format adjustment not documented there?

Open Feedback

What's one specific change you'd make to Stage One's structure, content, or materials before the next cohort?

Anything else worth flagging?
