Which Activities Landed?

Which single FIRST produced the most genuine, energized discussion this cohort? Why do you think that was?

Which single FIRST fell flattest or felt rushed? What would you change about it?

Did Session 4 or 5's length work as a single sitting, or should either be split for future cohorts?

Did any of the group-adapted exercises (Group Versions of Key Exercises document) feel forced or push participants toward more disclosure than appropriate?

Sensitive Moments

Did any participant have a genuinely difficult reaction to the ethics-focused reflections (T27, T34, T39)? How was it handled, and would you handle it differently next time?

Did anyone raise a genuine, current ethical concern during FIRST T42 (Speak-Up Awareness)? How was it handled?

Content & Materials

Did you encounter any content errors or inconsistencies in the Manual, Templates, or facilitator materials?

Was the pre-work handout genuinely followed by most participants, especially bringing the T25 statement to Session 5?

Format (In-Person / Online / Hybrid)

Which format did you run this cohort in?

Did the Adaptation Notes cover what you actually needed, especially for the ethics-focused small-group activities?

Open Feedback

What's one specific change you'd make to Stage Sixteen's structure, content, or materials before the next cohort?

Anything else worth flagging?
