INSTRUCTIONS

Complete this after each cohort finishes Stage Six, while the sessions are still fresh. Given this stage's size, budget 15–20 minutes for this form rather than the usual 10. This feedback directly shapes revisions to the Manual, Templates, and all facilitator resources for future cohorts.

Managing the Volume

Did you split any session across two sittings? Which ones, and did that work better than a single sitting?

Which FIRSTS did you choose to skip or only cover briefly, given the volume? Did that feel like the right call in hindsight?

Did the 3-5-minutes-per-FIRST framing pace actually hold up in practice, or did some FIRSTS need more room?

Which Activities Landed?

Which single FIRST produced the most genuine, energized discussion this cohort? Why do you think that was?

Which single FIRST fell flattest or felt rushed? What would you change about it?

Did any of the group-adapted exercises (Group Versions of Key Exercises document) feel forced rather than genuinely additive?

Sensitive Moments

Did any participant have a genuinely difficult reaction to a recording exercise, an impromptu drill, or a conflict role-play? How was it handled?

Did the public speaking anxiety reflection (I40) surface anything beyond what this session is equipped to address? Was a referral to additional support needed?

Content & Materials

Did you encounter any content errors or inconsistencies in the Manual, Templates (Parts 1 or 2), or facilitator materials?

Were the FAQ's anticipated questions the ones participants actually asked? What question came up that isn't currently in the FAQ?

Open Feedback

What's one specific change you'd make to Stage Six's structure, content, or materials before the next cohort?

Anything else worth flagging?
