Which Activities Landed?

Which single FIRST produced the most genuine, energized discussion this cohort? Why do you think that was?

Which single FIRST fell flattest or felt rushed? What would you change about it?

Did any of the group-adapted exercises (Group Versions of Key Exercises document) feel forced rather than genuinely additive? Which ones?

Real Teams

Did participants have real, current teams to apply this stage to, or did you need to form temporary working teams? How did that affect the session?

Did any team surface a genuinely active, unresolved conflict during Q21-Q22? How was it handled, and would you handle it differently next time?

Did Team Retrospective (Q27) produce genuinely honest reflection, or did it stay surface-level? What helped or hindered that?

Content & Materials

Did you encounter any content errors or inconsistencies in the Manual, Templates, or facilitator materials?

Was the pre-work handout genuinely followed, especially participants identifying a real team project in advance?

Format (In-Person / Online / Hybrid)

Which format did you run this cohort in?

Did the Adaptation Notes cover what you actually needed, especially for the structured group exercises (simultaneous reveal, silent-start brainstorm)?

Open Feedback

What's one specific change you'd make to Stage Thirteen's structure, content, or materials before the next cohort?

Anything else worth flagging?
