Which Activities Landed?

Which single FIRST or vocabulary set produced the most genuine, energized practice this cohort? Why do you think that was?

Which single FIRST fell flattest or felt rushed? What would you change about it?

Did Session 1's length (10 vocabulary sets) work as a single sitting, or should it be split for future cohorts?

Did any of the group-adapted exercises (games, drills, simulations) feel forced rather than genuinely useful? Which ones?

Language-Specific Dynamics

Did any participant show visible self-consciousness about accent or non-native fluency? How was it handled, and would you handle it differently next time?

Were there vocabulary items that seemed genuinely mismatched to this cohort's actual field or context? Which ones?

Did the non-sequential ordering in Section 3 (M16, M17, M22, M18, M23–M25, M38) cause any real confusion despite the advance note?

Content & Materials

Did you encounter any content errors or inconsistencies in the Manual, Templates, or facilitator materials?

Was the pre-work handout genuinely followed by most participants, especially bringing real writing samples for Session 2?

Were the FAQ's anticipated questions the ones participants actually asked? What question came up that isn't currently in the FAQ?

Format (In-Person / Online / Hybrid)

Which format did you run this cohort in?

Did the Adaptation Notes cover what you actually needed for the live speaking and drill-based activities?

Open Feedback

What's one specific change you'd make to Stage Nine's structure, content, or materials before the next cohort?

Anything else worth flagging?
